

Slope Varies

ELEVATION

NOTE;

- * Limit Changes in Base Row Elevation to Two Courses per Step to Avoid Differential Settling
- * Install Steps as Needed to Minimize Number of Buried Units and Maintain Required Minimum Embedment
- * Install Envirolok Units Perpendicular to Wall Face for Base and Top Rows

This is a typical, non-site specific design. Envirolok LLC makes these documents available on an "as is" basis. All CAD (.dwg) and PDF (.pdf) files were created as a service to our customers. Final determination of the suitability of any information or material for the use contemplated, and its manner of use, is the sole responsibility of the user. A final project specific design should be prepared by a qualified, licensed, professional engineer. THIS DRAWING IS NOT FOR CONSTRUCTION. Copyright: 2013, Envirolok LLC
